

Placement Checklist

What level is right for my students?

This document is meant to be used as a general guide, and shows student groupings and levels correlated to the **Project Discovery** and **Achieve Life Skills** curriculum using a generalized approach. Since the curriculum provides differentiated instruction across the materials, the selections were based on considering if a majority of the students at that level could complete a majority of the activities. Therefore, this is a general guide as determinations will vary student by student, and school by school.
