

Employability Curriculum

customized to address the employability component of the

South Carolina High School Credential

Education Associates, creator of **Project Discovery** and **Achieve Life Skills**, has developed proven, hands-on programs that change the lives of students and the teachers who support them! With Project Discovery, you can empower your students to find their job passions and gain hands-on skills.

Individual Packages for 9th and 10th Grades!

Approved Supplemental Materials Adoption List

We have developed customized curriculum packages for **South Carolina** to address needed competencies for the new High School Credential. Our packages are aligned and ready for the 9th and 10th grades to help address the Employability Education Component:

- Self-Awareness
- Self-Advocacy
- Communication & Social Skills
- Portfolio Information
- Self-Determination
- Thinking About Work
- Soft Skills
- Planning Career Choices

Education Associates is the nation's leading provider of the most comprehensive and effective career education, job preparation & life skills programs available!
