Job Ready. Life Ready.®

JOB & LIFE SKILLS
EXPLORATION
FOR **ALL STUDENTS!**

IDEAL FOR THE DEAF & VISUALLY IMPAIRED

> *The Project Discovery kits are hands-on and very complete. The manipulatives are perfect for our students, especially those with visual impairments. This is where Project Discovery excels for our students - by providing real tools that workers use on the job and providing meaningful in-class work experiences.*

South Carolina School
for the Deaf & the Blind

Diverse Curriculum Options

Education Associates' Career Exploration and Life Skills curriculum uses a dynamic, hands-on approach to student engagement and is accessible by students who are deaf and/or visually impaired.

- Materials are accessible by assistive technologies such as screen magnifiers & readers and Braille printers.
- Video modeling files support closed captioning.
- PowerPoints provide text with audio for emerging readers and those with hearing/visual needs.
- Open formatting allows modifications to fonts size, typeface and color.

These enhancements create a great fit for schools that address the needs of students with various degrees of hearing and/or vision loss.

project: discovery
Job Ready.
