

HANDS-ON CAREER PREP AND LIFE SKILLS FOR ALL STUDENTS!

MARLENE MURPHY
Ft. Wingate HS/BIE Navajo, NM

Our students need to be immersed in materials. They need to touch, feel and hear to understand best. Project Discovery fits the way they learn and exposes them to many careers they were not aware existed. The hands-on learning gives students a chance to explore and develop skills that will make them ready for lifelong careers. They will be prepared for a better understanding of the job market and have significant skills they can utilize.

**IDEAL FOR HYBRID &
REMOTE LEARNING!**

Education Associates' Career Exploration and Life Skills curriculum uses a dynamic, hands-on approach to engagement and provides opportunities for students to explore career interests and gain entry-level skills.
