NEW YEAR, NEW LOOK!

START THE YEAR OFF FRESH

We are excited to announce that our Achieve Life Skills curriculum has gotten a MAJOR upgrade! The trusted titles you know and love are now available in a more accessible & customizable digital format. Here's what it means for you:

- **Access your materials anytime, anywhere!** No special hardware is necessary - just an internet connection.
- **Teach your way!** All materials can now be viewed on your desktop or mobile device for easy review, displayed on a screen or projector for classroom presentation, and even printed out as hard copies.
- **Always the newest editions!** We're always improving our materials, and you will always have the latest versions. Future updates will automatically be available in the platform.
- **Compatible with assistive technologies!** Whether you're printing materials in Braille or using a screen reader, our new platform is compatible with assistive technologies used in classrooms.
- **Customization made easy!** Our materials come ready to teach with two levels of predesigned lessons and activities, but you can always make it your own. Downloadable and editable versions of all materials give you flexibility to customize materials and modify lessons even further.

TIPS & STRATEGIES FOR A SUCCESSFUL START

It's that time of year! You're opening up your curriculum to plan for the school year. We wanted to send over some tips to remind you about the basics of Project Discovery and Achieve Life Skills. We want you to feel confident and be successful using our programs!

- **Choose the kits ahead of time:** Take the time to print out materials you will need. Your preparation will facilitate a smooth implementation and allow students' enthusiasm to gain traction.
- **Get parents involved early:** Print Parent Involvement Brochures for Open House Nights & Back to School Nights. You can also have a flyer seeking parent volunteers to support curriculum implementation.
- **Check your kit consumables:** If your kits have seen some use, you may be out of some things. Make sure your kits are stocked and ready to go for the school year! Your local home improvement stores are always a good place to start for donations.
