$1 Billion in Funding through Meta's 'Future is for Everyone' Initiative

Meta

Meta's funding initiative is designed to support organizations working to expand opportunity and create a more inclusive future for people and communities. And Education Associates has developed a EASY 3 Step App to help you apply for that funding!

EASY Apply

Meta's initiative reflects a growing emphasis on ensuring that technology, education and workforce opportunities are accessible to everyone. This includes individuals with disabilities and other underserved populations.

Funding opportunities such as this can help organizations develop innovative programs, strengthen educational resources and create pathways to greater independence and employment.

For schools and organizations serving students with disabilities, this type of investment can provide an opportunity to expand career education, hands-on learning and real-world skill development. Programs that connect students to practical experiences and future employment can help young people build confidence while preparing for life beyond the classroom.

META'S FUTURE IS FOR EVERYONE FUND

Fund your career and life skills program in 3 steps

Schools in Meta data center communities can apply for education and workforce grants. Check your eligibility, pick your curriculum, and paste ready-made answers into your application.

19 days left Applications close October 19, 2026

1 **Check eligibility**

◀▲ Lenawee Intermediate School District (Lenawee Co., MI) - teachers training with our Cleaning Maintenance, Food Service, Greenhouse Work, Grocery Clerking, Retailing, and Table Service Kits

Antelope Valley Union High School
Opening Doors

▲ ▼ Antelope Valley Union High School students using various Project Discovery Kits. They then visited a CTE class within that pathway and completed an activity there.

"The Project Discovery kits have opened doors to learning for students who are now thriving in CTE because they had the introductory experiences through the kits first!"

Kathy Mercier, Ed.D, BCSE, Coordinator of Transition & WE CARE
Antelope Valley Union High School District, California
